25<sup>th</sup> May 2018

Dear Parents / Guardians,

On Monday 4<sup>th</sup> of June, as part of our learning about Personal, Social and Health Education, Year 4 will be covering the topic of sex and relationships.

We will be showing age suitable aspects of the Channel 4 'Primary Sex and Relationship Education' DVD.

The children will watch 4x15 minute programmes:

Programme 1: Differences - explores the differences between males and females other than physical differences.

Programme 2: How Did I Get Here? - informs children about the growth of a baby in the womb.

Programme 3: Growing Up - presents the physical and social changes that a person can go through in life.

Programme 4: Changes - introduces pupils to the subject of puberty and the physical and emotional changes that occur during this development.

The content of the programmes will be discussed with the children as we watch them and they will all have the opportunity to ask questions both as a group and individually.

To conclude, we will have a general discussion, as a class, to ensure all children are clear on what is deemed appropriate and inappropriate talk, relating to the matters that will have been covered.

This will form an important part of your child's education and will support their understanding of the physical and emotional changes they will be/are experiencing.

If you would like to come into school to ask any questions Mrs Ahearne or Miss Noory will be available after school.

Yours sincerely

Mrs Ahearne

Miss Noory
