KS1 - Maths CGP Resources

Dear Parent(s),

After scouring through numerous resources, from various different companies, we are offering you the chance to purchase, what we believe to be, the most comprehensive and competitively priced maths learning materials that are geared to supporting your child and their learning.

If you are interested in purchasing any of these resources, to support your child at home, we are willing and able to order them through school. As much as we would recommend purchasing some of these resources, there is no pressure from school for parents to purchase anything. We are making these available so parents, who are interested, can take advantage of our recommendations, at the reduced prices available to schools.

If you wish to place an order, please can you tick each of the resources you wish to purchase and return the slip to school by the latest of Friday 9th November. Any orders received after this date will not be processed. Please DO NOT send any money into school with your order. At 3.00pm, on Friday 9th November, we will place our whole school order with CGP. You will be notified when the resources have arrived in school and you will be able to pay for your purchases online, via 'School Money'. Once school has received your online payment, we will send your items home with your child.

Yours sincerely,

Mr Smith (BJPS maths co-ordinator)

Mrs Brodie (BJPS English co-ordinator)

LOTTERY FUNDED

KS1 - Maths CGP Resources

Child's Name: _____ Child's Class: _____

In each table, we have included the price that our school is able to purchase each resource for and the cost of each resource at standard retail value. Hopefully, you can see that we are able to offer quite substantial savings!
