

## Easter Activities

We hope everyone has been enjoying the sunshine and has managed to keep busy.

We have attached some fun, creative activities to try and keep you busy over the Easter holidays. These are completely optional so do as many or few as you like!

**Happy Easter**

**The Foundation Team**

**Decorate a hard-boiled egg, be as creative as you like!**

Draw a bunny or chick then hide it around your garden or in your house. Give a grown-up or sibling instructions to find it!

Create a 'Happy Easter' poster to display in a window to cheer people up as they walk past. You could use paint, pens, crayons or collage!

Write a note for the Easter bunny...I wonder if you will get a reply?

**Make an Easter Egg box chick. See the instructions attached to this email. Be creative and improvise with the decoration depending on what you have around the house!**

If you have access to a printer you could practice your cutting skills and create the bunny picture attached. If you don't have a printer a grown up could draw the shapes for you to colour, cut out and stick.

Do some Easter themed baking. You could follow the instructions attached to make Easter Egg Nest Buns or create your own!
