Dear Parents and Carers,

With extended amounts of time at home, and an increase in the use of the internet to support learning, we have collated the best and most up to date online safety support materials just in case you need them.

Home Agreement

Vodafone Family Pledge is an interactive planning tool that everyone at home works through together to set rules for technology use.

<https://www.vodafone.co.uk/mobile/digital-parenting/family-pledge>

Screen Time

Screen time isn't equal and these challenging times have proven that there are different kinds of screen use. Work and learning tasks using devices are different to relaxing in front of games or TV. Emailed with this letter is an infographic which explains different uses of screens and the proportion of time spent on different uses.

Support for Specific Apps and Online Safety Issues

Should you need help with specific apps or behaviours online please visit this website where you should find answers and guidance: <https://www.internetmatters.org/resources/esafety-leaflets-resources/>

Child Exploitation and Online Protection

CEOP a police website with extra advice and where you can report serious online abuse to child protection advisors.

"CEOP is here to keep children safe from sexual abuse and grooming online. CEOP are unable to respond to reports about bullying, fake accounts or account hacking."

ChildLine

Children can call 08001111 to discuss any worries they might have including online problems such as bullying.

As explained in previous letters, you can make contact to school staff by e-mailing office@burtonjoyce.notts.sch.uk and reception@burtonjoyce.notts.sch.uk should you need to.

Wishing you a healthy and safe time at home during this challenging time,

Marc Faulder

Computing Subject Leader
