

Pupil premium strategy statement 2022-2023 BJPS

This statement details our school's use of pupil premium (and recovery premium for the 2022-2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending (2021-22) of pupil premium had within our school.

School overview

Detail	Data
School name	Burton Joyce Primary School
Number of pupils in school	304
Proportion (%) of pupil premium eligible pupils	19/304 6.25% (Funding for 11 children from October 2021 census)
Academic year that our current pupil premium strategy plan covers (3-year plan)	2021-2024
Date this statement was published	October 2022
Date on which it will be reviewed	September 2023
Statement authorised by	Mrs Jenny Cook Head Teacher
Pupil premium lead	Mrs Lorna Guerbaouy PP Lead
Governor / Trustee lead	Mr Wyn Williams

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£15,235 (based on 11 children at census)
Recovery premium funding allocation this academic year	£1595
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£16,830

Part A: Pupil premium strategy plan

Statement of intent

At Burton Joyce Primary School, we strongly believe that the highest possible standards can only be achieved by having the highest expectations for all pupils, irrespective of background or the challenges they face. The focus of our pupil premium strategy is to support disadvantaged pupils to make progress in line with their peers and ensure their attainment, in all subject areas, is no different to that of non-disadvantaged pupils.

The 'Pupil Premium', along with all forms of school funding are carefully managed to enable us to offer personalised support for children in a variety of ways. High quality teaching and learning is at the heart of our approach, with a focus on areas identified as requiring the most support.

Our strategy is also integral to wider school plans for education recovery, notably in its targeted support through the 'National Tutoring Programme' for pupils whose education has been worst affected through the Covid-19 pandemic, including non-disadvantaged pupils.

Our approach is to provide disadvantaged pupils with the opportunities and encouragement to take up a wide range of enrichment activities to enable them to develop cultural capital, life experiences and social skills that are no different to those of other pupils. Our aim is that their attendance is in line with that of non-disadvantaged pupils and all pupils nationally.

The approaches we have selected, aim to support our DP, other vulnerable pupils and pupils who currently have or have previously had a social worker, to make expected progress in line with their non-disadvantaged peers.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Limited language and vocabulary for disadvantaged pupils (DP) (both including experiences of the world and with books) compared to non-DP. This has been further exacerbated by the lack of social interaction during the covid pandemic. This is evident through assessments, observations and discussions with pupils.

2	Through assessments, observations and discussions with pupils it is evident that DP generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers.
3	Many children's writing attainment has been adversely affected by school closures for most pupils. This is particularly true of disadvantaged pupils (particularly LKS2 pupils, whom many missed huge periods of teaching in KS1). This is evident through independent writing tasks and teacher judgements.
4	Limited early maths experiences affect attainment in KS1 and later their progress in KS2. This is evident through internal assessments, which indicate that maths attainment among disadvantaged pupils is below that of non-disadvantaged. This has resulted in significant knowledge gaps (exasperated by school closures) leading to pupils falling further behind age related expectations.
5	Through observations and discussions with pupils it is evident that some DP have limited social interaction and opportunities to join in with extra-curricular and enrichment activities (further exacerbated by Covid).
6	Our assessment data and discussion with pupils suggests that children, in particular DP, have difficulty retaining and remembering taught knowledge and skills away from the point of teaching.

Intended outcomes

This explains the outcomes we are aiming for **in 2024 (at the end of our current strategy plan)**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Children make at least typical progress in writing . Some pupils make better than typical progress in writing. Increased number achieving ARE and HS at end of key stages.	Across all year groups, the number of pupils attaining EXS+ and HS is greater than previous end of Key Stage attainment for each individual pupil. End of KS2 progress value for PP pupils is positive which indicates they have made greater progress than other pupils nationally with the same starting point.
Children make at least typical progress in reading/phonics . Some pupils make better than typical progress in reading. Increased number achieving ARE and HS at end of key stages	Across all year groups, the number of pupils attaining EXS+ and HS is greater than previous end of Key Stage attainment for each individual pupil. End of KS2 progress value for PP pupils is positive which indicates they have made greater progress than other pupils nationally with the same starting point. The vast majority of PP pupils will pass the phonics screener at the end of year 1.

	<p>All PP children will pass the phonics screening test by the end of year 2.</p> <p>Children will use their phonics knowledge from FS/KS1 to support with writing.</p>
<p>Children make at least typical progress in maths. Some pupils make better than typical progress in maths. Increased number achieving ARE and HS at end of key stages</p>	<p>Across all year groups, the number of pupils attaining EXS+ and HS is greater than previous end of Key Stage attainment for each individual pupil.</p> <p>End of KS2 progress value for PP pupils is positive which indicates they have made greater progress than other pupils nationally with the same starting point.</p>
<p>Pupil Premium children will have the opportunity to access the same enrichment and extra-curricular activities as Non-Pupil Premium children.</p>	<p>Every Pupil Premium child will attend an extra-curricular activity.</p> <p>Pupil Premium children will have access to the same curriculum enrichment activities as their peers.</p>
<p>The knowledge gap will close between PP and other children across foundation subjects.</p>	<p>Across the school, pupils will revisit previous learning through a variety of daily spaced retrieval activities and this taught knowledge will go into their long-term memory.</p> <p>When the wide range of subject leader pupil interviews are taking place, PP pupils will always be involved. During these, PP pupils will have the same knowledge recall and understanding as non-PP pupils.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 7,500

Activity	Evidence that supports this approach	Challenge number(s) addressed
All staff trained in 'Read Write Inc' phonics approach.	Phonics has a positive impact overall (+5 months) with very extensive evidence and is an important component in the development of early reading skills, particularly for children from disadvantaged backgrounds. Phonics EEF (educationendowmentfoundation.org.uk)	1, 2, 3
Enhancement of our maths teaching and curriculum planning in line with the DfE and EEF guidance. CPD from the Maths Hub	The DfE non-statutory guidance has been produced to help schools make effective use of the NC to develop primary pupils' mastery of mathematics. Mathematics guidance: key stages 1 and 2 (covers years 1 to 6) (publishing.service.gov.uk) EEF guidance is based on a range of evidence (for KS2) KS2 KS3 Maths Guidance 2017.pdf (educationendowmentfoundation.org.uk)	4
Improve the quality of social and emotional learning. Develop a new wellbeing timetable to spread throughout the academic year, enabling children to develop strategies to take care of themselves. Develop the role of a wellbeing lead.	There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and later in life-ensuring our primary children are 'secondary ready' (e.g. improved academic performance, attitudes to learning, behaviour and relationships with peers). EEF Social and Emotional Learning.pdf (educationendowmentfoundation.org.uk)	5

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 3,900

Activity	Evidence that supports this approach	Challenge number(s) addressed
Engaging with the National Tutoring Programme to provide 1:1 and small group tuition for those children whose education has been most affected by the pandemic. A significant number of children receiving the tuition will be DP, including those who are high attainers.	Small group tuition- evidence indicates that one to one tuition can be effective, providing approximately five additional months' progress on average. Small group tuition EEF (educationendowmentfoundation.org.uk) One to one tuition EEF (educationendowmentfoundation.org.uk)	1, 2, 3, 4
Additional phonics interventions targeted at DP who require further phonics support.	Phonics has a positive impact overall (+5 months) with very extensive evidence and is an important component in the development of early reading skills, particularly for children from disadvantaged backgrounds. Phonics EEF (educationendowmentfoundation.org.uk)	1, 2, 3

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £3,500

Activity	Evidence that supports this approach	Challenge number(s) addressed
Use of ELSA to support targeted interventions to develop self-esteem, relationships, social skills, resilience and meet emotional needs of the children.	Social and emotional learning (SEL) interventions seek to improve pupils' decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning. Social and emotional learning EEF (educationendowmentfoundation.org.uk)	5

<p>Cultural capital experiences – reduced cost for residential and trips. No cost for in school extra-curricular activities. Children actively encouraged to participate.</p>	<p>Ofsted research 2019 places emphasis on improving cultural capital, particularly for disadvantaged pupils. Sport participation and outdoor adventure increases engagement, attainment and self-confidence.</p> <p>Physical activity EEF (educationendowmentfoundation.org.uk)</p>	<p>5</p>
---	--	----------

Total budgeted cost: £ 14,900

Part B: Review of outcomes in the previous academic year (2021-2022)

Pupil premium strategy outcomes (2021-2022)

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Intended outcome	Success criteria
<p>Children make at least typical progress in writing. Some pupils make better than typical progress in writing. Increased number achieving ARE and HS at end of key stages.</p>	<p>Across all year groups, the number of pupils attaining EXS+ and HS is greater than previous end of Key Stage attainment for each individual pupil. <i>(In July 22, the number of pupils attaining EXS in writing was higher than the previous key stage result. The number of pupils attaining HS in writing was higher than the previous key stage).</i></p> <p>End of KS2 progress value for PP pupils is positive which indicates they have made greater progress than other pupils nationally with the same starting point. <i>(21-22 KS2 progress score for PP pupils was 8.4)</i></p>
<p>Children make at least typical progress in reading/phonics. Some pupils make better than typical progress in reading. Increased number achieving ARE and HS at end of key stages</p>	<p>Across all year groups, the number of pupils attaining EXS+ and HS is greater than previous end of Key Stage attainment for each individual pupil. <i>(In July 22, the number of pupils attaining EXS in reading was higher than the previous key stage result. The number of pupils attaining HS in reading was higher than the previous key stage).</i></p> <p>End of KS2 progress value for PP pupils is positive which indicates they have made greater progress than other pupils nationally with the same starting point. <i>(21-22 KS2 progress score for PP pupils was 6.4)</i></p> <p>The vast majority of PP pupils will pass the phonics screener at the end of year 1. <i>(The vast majority passed the phonics screener at the end of year 1).</i></p> <p>All PP children will pass the phonics screening test by the end of year 2. <i>(Not applicable, no PP year 2).</i></p>

	<p>Children will use their phonics knowledge from FS/KS1 to support with writing.</p>
<p>Children make at least typical progress in maths. Some pupils make better than typical progress in maths. Increased number achieving ARE and HS at end of key stages</p>	<p>Across all year groups, the number of pupils attaining EXS+ and HS is greater than previous end of Key Stage attainment for each individual pupil. <i>(In July 22, the number of pupils attaining EXS in maths was higher than the previous key stage result. The number of pupils attaining HS in maths was in line with that of the previous key stage).</i></p> <p>End of KS2 progress value for PP pupils is positive which indicates they have made greater progress than other pupils nationally with the same starting point. <i>(21-22 KS2 progress score for PP pupils was 6.8)</i></p>
<p>Pupil Premium children will have the opportunity to access the same enrichment and extra-curricular activities as Non-Pupil Premium children.</p>	<p>Every Pupil Premium child will attend an extra-curricular activity.</p> <p><i>(Pupil Premium children have been offered funded access to a club, but not all have taken up the offer. This will be monitored next year, 22-23, and regular reminders will be given to encourage <u>all</u> families to take up the offer).</i></p> <p>Pupil Premium children will have access to the same curriculum enrichment activities as their peers.</p> <p><i>(All Pupil Premium children attended year 5 and 6 residentials and support was offered to fund this. All Pupil Premium children attended school visits. Funded music tuition was offered, but not all have taken up the offer. This will be monitored next year, 22-23, and regular reminders will be given to encourage <u>all</u> families to take up the offer).</i></p>
<p>The knowledge gap will close between PP and other children across foundation subjects.</p>	<p>Across the school, pupils will revisit previous learning through a variety of daily spaced retrieval activities and this taught knowledge will go into their long-term memory.</p> <p><i>(Daily spaced retrieval activities time-tabled across all year groups).</i></p> <p>When the wide range of subject leader pupil interviews are taking place, PP pupils will always be involved. During these, PP pupils will have the same</p>

	<p>knowledge recall and understanding as non-PP pupils.</p> <p><i>(Subject leaders pupil voice includes PP and disadvantaged pupils. Subject leaders to focus on whether or not PP pupils have the same knowledge as their non-PP peers for the academic year 22-23).</i></p>
